Scrum Master of 15 code developers in 4 teams for software updates revenue.net, domainsponsor.com, nameking.com, lowfares.com. Search Engine Optimization on web sites to improve ranking for Google and Yahoo. Quality Assurance for Web 2.0, AJAX, perl, MySQL sites Domain Site Admin Registrar with 2.5M domains – Managed purchases and disputes Chief video content contributor, encoder, or for 5th largest video social network. Created business plan, FAQ, customer support, video tutorials, demo channels. Manuals, FAQ and legal document, perl docs -Tech Writer / MySQL and Estimation teacher, PowerPoint presentations, Excel.

The position changed to 100% Project Management position and was filled with another applicant.

Consultant

Independent Consultant

July 2002 – April 2005 (2 years 10 months) - Greater Los Angeles Area

Writer, Tour Guide, Website Development, Teacher for computer software and Internet applications, DVD and blu-ray production. Contract based project work.

Consultant

Independent Consultant

January 2001 – December 2001 (1 year) - Greater Boston Area

Supported office Windows, Mac and website development for contract project based work.

Integration Consultant

Akamai Technologies

October 1999 – December 2000 (1 year 3 months) - Cambridge, Massachusetts

Integration for clients using the Akamai Global Network which is a wide distributed network for rich media / images, video delivery via the Internet. - Also did freelance consulting for Computer Networks, security and graphics / video support prior to Akamai.

Company moved out of the Boston Area.

Office Computer Support

International Translation Solutions (ITS)

February 1998 – December 2000 (2 years 11 months) - Boston, Massachusetts

Mac workstation support and web site development for an International Language Translation company in Boston.

Silicon Graphics – Sales & Network Services Manager

Great Eastern Technology, Inc. Woburn

January 1999 – December 1999 (1 year) - Woburn, Massachusetts (now in Yardville, New Jersey)

* Sold SGI Computers and custom solutions for Post Production & TV Broadcast

* Started 3D Animation Club Maya, New England

Paid product management position converted to commission sales position. After 2 months, sales still needed to improve by 400% to match the previous compensation. Great Eastern is a wonderful company. Other contract positions had a more appealing hourly compensation.

Computer Consultant

Sun Microsystems - Millenium Pharmaceuticals

June 1998 – October 1998 (5 months) - Cambridge, Massachusetts

Support Windows Platform for Cambridge, MA office.

Internet Contractor

The Complete Internet Access

February 1998 – June 1998 (5 months) - Cambridge, Massachuttes

BSDI Unix and Internet service provider admin and connectivity projects.

Part time contract position. Change in 24 hour support schedule conflicted with other contract positions.

Remote Dial-in Consultant

The First Church of Christ, Scientist

February 1998 – June 1998 (5 months) - Boston, Massachusetts

Project to streamline worldwide remote dial-in to Secure ID server. Mac & PC. Created video training program for IT staff and 300 page Internet help site.

Contract position for security roll out.

Mac Contractor Office of the Dean for Undergraduate Students

MIT

August 1997 – January 1998 (6 months) - Cambridge, Massachusetts

Helped staff and students with computer setups.

Contract position for network project build.

Raytheon

BBN Technologies

Desktop Support PC and Mac

BBN Technologies

May 1997 – August 1997 (4 months) - Cambridge, Massachusetts

Resolved Internet, PC and Mac problems as a 2nd level support.

Internet Contractor PC and Mac - Student support

Harvard Business School

February 1996 – June 1996 (5 months) - Boston, Massachusetts

Setup students to use remote access to the Internet.

Seasonal position for school year only.

SGI 3D Integrator Consultant

NO KA OI Foundation

Volunteer research position.

1995 – 1996 (1 year) - Kiehi, Maui, Hawaii

Setup 3D VRML fly through pages of Maui. NKO.ORG produce broadcasts over the Internet using iPhone 3GS cellphones & QuickTime H.264 video the highest quality video codec available for both PC's, Macintosh, and cellphone clients.

Product Manager: Internet Software Sales and Tech Support

Software

September 1994 – June 1995 (10 months) - Marina del Rey, California

Organized a sales and support team and promote an Internet software product.

Product T.I.A. The Internet Adapter made Shell accounts into SLIP which allowed users to use Netscape browsers on the Internet in shell accounts. When the product lifespan finished, there was no other pipeline product to manage.

SGI Unix File Administrator

Boss Films

June 1994 – July 1994 (2 months) - Marina del Rey, California

A motion picture special effects company. ~ File Administration for special effects.

Boss films is no longer in business.

PC and Mac Contractor Support

Castle Rock Entertainment

January 1994 – June 1994 (6 months) - Beverly Hills, California

Supported PC and Mac, motion picture accounting software for; "City Slickers II", "Dolores Clayborne" and "Seinfeld".

Software Teacher

PC Workshop

February 1993 – February 1994 (1 year 1 month) - Westwood, Los Angeles, California

Taught Excel, MS Word, DOS, Windows

Graphics and Computer Contractor / Executive Secretary

Occidental Petroleum

January 1992 – April 1993 (1 year 4 months) - Westwood, Los Angeles, California

Department of Risk Management

Received a 50% raise in pay after 10 months.

Telex Fax Supervisor

MGM

November 1986 – March 1990 (3 years 5 months) - Culver City, California

Installed computer communications networks and managed all international communications via Telex and Fax. Worked for film production computer support in Albert Broccoli's production of the James Bond film "License to Kill".

1990 company ownership changed and 40% of staff was laid off.

Freelance Stringer Photographer

United Press International

January 1986 – December 1986 (1 year) - Paris Area, France & Athens Greece

Covered international stories around Northern France and in Athens Greece as a photojournalist.

Contract paid per job.

Photography Teacher

U.S. Army Contracting Command

January 1985 – December 1985 (1 year) - Buztbach, Germany

Part of Arts and Crafts department for leisure activities - Photography techniques, color darkroom, manager and teacher.

Federal budget cuts created a 75% cut back in facilities.

Freelance Fashion Photographer

Glamour, Paris France

January 1984 – August 1984 (8 months) - Paris Area, France

Shot for new faces - fashion shows and runways

Contract paid per job.

Teacher Music Appreciation

Hawaii Pacific University

September 1982 – June 1983 (10 months) - Honolulu, Hawaii

4 Hour / weekly class.

Classes were suspended for the summer.

U.S. Product Manager for Camera Systems

Leica Camera AG

September 1981 – September 1982 (1 year 1 month) - Rockleigh, New Jersey

Product Manager role was to promote, setup events, provide press releases and and public spokesperson for magazines and new product releases. Ran many national events and was American Photographers Association annual meeting speaker and to National Geographic center in Washington D.C.

A product recall for a redesign prompted the American Office CEO to cut staff by 15% to help with the annual balance sheet.

Praktikant - Leica Schule

Leica Camera AG

March 1980 – May 1981 (1 year 3 months) - Wetzlar, Germany

Assisted Leica School in Germany and demonstrated new cameras at the Photokina in German, French and English. This was a non-paid intern position.

Summer seasonal European Tour Guide and bus transportation service, primarily between Amsterdam and Paris. Some tours as far as Stockholm to the north and Malaga, Spain to the south. Tourist season driving was about 4 trips per week for 5 months over 9 years. I occasionally filled in for Magic Bus. Offices were in Paris and Amsterdam.

Driver

BBC

1977 – 1979 (2 years) - London, United Kingdom

Part time student work for a third party driving contract company service BBC for truck deliveries mostly to White City and to shooting locations.

Volunteer Work

Website support and events help

A Windows Between World

March 1992 – November 2000 (8 years 9 months) - Human Rights

<http://www.awbw.org>

A Window Between Worlds is a nonprofit organization dedicated to using art to help end domestic violence. Through creative expression, battered women, and children gain a sense of renewal and power. Their images of hope, survival and strength educate the public and become "a window between worlds" for survivors taking steps to change their lives.

Projects

Interstellar Mission Profile Navigator(Link)

Starting February 1986

To create a combo navigational tool and printable report for a mission profile with a starting position from Earth, any star or 3D position to any destination; another star or moving object. Stellar Proper Motion is calculated in the mission profile to allow a rendezvous point based on either an acceleration / deceleration or a fly-by mission and on engine type. In route flight path also shows fly-by distances of other known objects, each with Proper Motion adjusted. [Starship Simulator](#)

Technologies: HTML5 Video, CSS, Javascript, jQuery and UI, Google API, 3D VRML

S.A.V.E. Independent Research project MHPCC(Link)

February 1995

The Maui S.A.V.E. Program was an independant research program incubated in 1995 at MHPCC on the Island of Maui originally a joint development between Maui High Performance Computing Center, Silicon Graphics Computers and Maui S.A.V.E. Program. Running an SGI Indigo workstation as a web server on MHPCC's T-3 Internet feed we launched nko.mhpcc.edu later branded as the three letter domain <http://nko.org>.

Recommendations

Member Experience Unlimited - Volunteer California Employment Development Department

[David Kears](#)

Screenwriting & Acting, Script Analysis & Coverage through David Kears Productions

James impresses as a true Renaissance Man. His computer expertise amazes, complemented by his teaching ability and leadership skills. He remains a dominant force and big influence on Experience Unlimited in North Hollywood, Canoga Park and Pasadena. He is also a talented writer/screenwriter of note. A Most Valuable Player, indeed!

September 5, 2012, David worked directly with James at California Employment Development Department

[Joan Hasibar](#)

Marriage & Family Registered Intern IMF82526 under the supervision of Kimberlie Zakarian MS LMFT MFC49438

James Shuster is a wealth of information, constantly causing those around him to shake their heads in amazement. James is extremely disciplined in keeping abreast of the most

current knowledge in his industry and beyond, globally and locally. One can always depend on him to follow through, resolve and deliver.

He has successfully served as our organization's President and has designed and instructed numerous classes in the advanced technological sector, thereby allowing fellow members to further increase their technical knowledge and skills.

James' experience with studying abroad in several areas of the world, in addition to domestically, has enabled him to offer a wide variety of perspectives and ingenuity to our organization. We are most grateful and honored to have the opportunity to work with him and know that his contributions will be well recognized wherever he resides.

February 7, 2012, Joan worked directly with James at California Employment Development Department

[Tutu Aghedo, PhD](#)

Compliance and Policy at Texas Commission on Environmental Quality

James possesses an exceptional ability to implement and complete projects. I have been very impressed by his wealth of experience, knowledge and a sense of loyalty. He is analytically minded and able to break down projects into achievable bits, thereby facilitating simultaneous execution of each bit for timely completion. James has served as a two terms President of the Experience Unlimited, a group of about 80 professionals.

He is a good listener with a passion to help others. His easy going, ability to explain in great details and hands-on style of teaching has received numerous positive feedbacks on all of his Computer and Information Technology

workshops and classes, which includes Access, MySQL, Word, Excel, PowerPoint, LinkedIn, among others.

James will be a great asset to any company requiring multi-talented and experienced IT/Computer/Technology professional. Well, as if all of his professional accomplishments are not enough, James also bakes delicious and warm breads for our monthly group meeting. How can anyone beat that?

February 7, 2012, Tutu worked directly with James at California Employment Development Department

[Paul Chaney](#)
KKG Inc.

I had the privilege of working with James Shuster on a few Experience Unlimited projects. James is one of the most dedicated professionals, proven through his work at EU. He is a customer-service oriented, energetic, stable workmate and detail oriented. His knowledge of graphic technology, MS Office programs including Excel and PowerPoint as well as other useful programs is vast and thorough. He is proactive, dedicated and very talented. He has an extensive expertise, and his open-minded approach could not be overestimated. I look forward to working with James again soon.

November 10, 2010, Paul worked directly with James at California Employment Development Department

[Valerie Kameva](#)
Interactive Producer

James Shuster has been an active member and leader in the Experience Unlimited, Pasadena group for job seekers. He recently stepped up to lead the Education group, and ably coordinates mock interviews with new and current members. He's deftly and sensitively provided constructive feedback for interviewees and interviewer critics.

I've also had the pleasure of attending James' classes in Word. He's been generous about sharing his knowledge on job search, and particularly helpful with digital media and entertainment networking suggestions. I absolutely trust James to get the job done effectively and efficiently.

September 22, 2010, Valerie worked directly with James at California Employment Development Department

[Kelly Beasley](#)
Executive Assistant, Writer, Editor

James is excellent at giving specific feedback during group reviews and interview sessions. I admire his ability to get to the heart of any issue succinctly and effectively. With his non-nonsense approach and organizational skills, James always keeps our meetings flowing smoothly and on point.

September 1, 2010, Kelly worked directly with James at California Employment Development Department

[Stephen Michaels](#)

Information Technology Specialist, Temple City, CA

James is a very intelligent, thoughtful, person who is very generous with his time and knowledge. He has vast worldly experience. He has given me great life and business coaching advice on many occasions. James is a very driven individual and a very dedicated leader only wanting the best for those who work with him.

August 27, 2010, Stephen worked directly with James at California Employment Development Department

[David Leos](#)

Service Consultant at Staples Advantage

James has an understanding and a savvy for business like no other. He treats each and every detail with the utmost importance and is not satisfied until the job is done right. I would recommend James to any institution looking to improve their overall value and workflow.

August 26, 2010, David worked directly with James at California Employment Development Department

[James Hresko](#)

Contract Administrator at Back Office People

James Shuster is a consummate professional. During his term as President, the club made great strides and I believe this was a direct result of his quick and decisive action. As Education Manager, James taught several classes including Intermediate Word, Intermediate Excel, Internet Job Search and Salary Negotiation, all of which I attended. James teaching style is very thorough and interactive, which made learning a pleasure. James is also a highly skilled Professional Photographer. He shot a portfolio for me, one of which appears as my profile picture. I would highly recommend James for any position you are considering him for.

August 25, 2010, James worked directly with James at California Employment Development Department

[Mindy Morrison](#)

If it can be measured, it can be improved!
Certified QuickBooks ProAdvisor

James helped me with many technical issues on my website. I would not have gotten it done without him. I love it, and it looks great! He really knows his stuff.

August 24, 2010, Mindy was James's client

[Russ Chesley](#)

Experienced Innovator and Entrepreneur --
Collegial and Visionary Consultant/Executive

James has consulted for me on numerous matters relating to digital media, social networking and web applications, and his work has consistently demonstrated the highest level of organization, expertise and practical value. He is particularly adept at communicating complex information, and his knowledge about innovative applications of digital technology is both broad and deep. Further, he possesses an extremely effective combination of both analytical and creative skills. I would not hesitate to recommend James as a highly effective executive or consultant.

August 23, 2010, Russ was James's client

[Scott Holmes](#)

Independent Computer Software Professional

James is a very personable and highly intelligent individual who can be counted on to take the reins of a project and run with it. I worked with him for approx 6 months during which time he was a continual source of good ideas and quality work.

January 20, 2008, Scott worked directly with James at California Employment Development Department

Video / Internet Integrator PopModal, LLC

[saskia firch](#)

Line Producer, Agency Producer (TV Prod),
Production Manager, Post Producer, Production
Advisor, Producer.

James is the kindest and most reliable person I've ever had professional contact with. He fulfills his engagements no matter what it takes to bring them to a concrete reality of the modern business world. Never spares his time nor his efforts until he knows he's reached the best result possible. I warmly recommend him as a business partner, his sense of honor and his generosity making him a charismatic and very efficient leader and partner in any adventure that you may have to go through with him. Close your eyes and leave your office peacefully, James is here and he'll manage anything for you.

November 12, 2009, saskia was with another company when working with James at PopModal, LLC

Scrum Master / Tech Writer Oversee.net

[Christopher Paulicka](#)

Wandering the Bitstreams

James is a rare combination of valuable talents in the computer world: responsible, and insightful. He followed through on his obligations, while always contributing excellent suggestions on how to improve our processes, or noticing areas that others might have neglected. James is a pleasure to work with, and best of all, he is the master of documentation. All of these attributes, combined with his vast experience in a wide variety of fields, make James a valuable part of any team. I highly recommend James, and would gladly hire him should the opportunity arise.

April 20, 2008, Christopher worked directly with James at Oversee.net

[Henri Duong](#)

CTO, Co-founder at SugarsGone

One of James best attributes is that you can mention an issue once and if he takes it on, you know it will get done and finished correctly. It's not a guessing game with James. If there is something blocking a project, he will give you a straight and honest report and then go about unblocking it. His professional consulting approach is refreshing and makes any project a lot easier.

January 22, 2008, Henri worked with James at Oversee.net

[James Garland](#)

Art Director / Brand Manager

James has a vast knowledge of video technology, standards, and technical possess... He also is a talented writer with skills ranging from creative and screen-play to more technical and sci-fi. Highly intelligent, articulate optimistic and professional James would be a great fit to almost any group. Communication, concepting, and articulating complicated ideas are child's play for James. I very highly recommend him personally and professionally.

January 18, 2008, James worked with James at Oversee.net

[Scott Beber](#)

Financial & Strategic Consultant at ExcelModels

James is a very highly detail-oriented technical writer. He is a pleasure to work with, very professional. His precision and his follow-up made his colleagues' jobs easier.

January 14, 2008, Scott worked with James at Oversee.net

[Brian Lau](#)

Staff Data Scientist at Gikai

James served as Scrum Master (project manager for an Agile software development methodology). He was always very organized and helpful, going far beyond the minimum with status summaries, progress graphs, etc. He continually sought out constructive criticism.

I saw his dedication to do what is right, as we closed our LiveDigital site After the announcement of the closing, he worked tirelessly to help the site's members retrieve their data (at which time I was surprised to learn that he could write and debug perl scripts).

January 14, 2008, Brian worked with James at Oversee.net

[Chris Welton, CFA](#)

Financial Advisor at Northwestern Mutual

I worked with James on several documentation and training projects. He is a great self-starter and was able to synthesize and deliver an excellent presentation on Software Estimate to a technical audience. I highly recommend his work.

January 13, 2008, Chris worked with James at Oversee.net

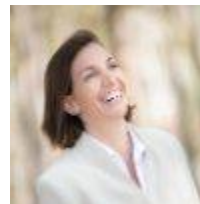

[George Shemtov](#)

Sr. Director of Product Development at DomainGateway.com part of Findology Interactive Media, Inc.

James is self-motivated, organized and very responsive to allocate tasks and share ideas and recommendations. His ability to recognize and address obstacles were James' great contributions to the team.

His experience in Film and TV production industry had added great values to our production team.

January 13, 2008, George worked directly with James at Oversee.net

[Veronica Vicente](#)

Global Director - Brand & Technology at Crowe Horwath International

James prepared several technical documents for my group which were promptly on time and well written.

January 12, 2008, Veronica worked with James at Oversee.net

[Matthew Domanski](#)

Controller at Broadcaster.com

I worked with James at Oversee.net for over a year and a half. He is sharp and quick to respond with solutions and processes. James is

a master of documenting complex processes and has an eye for seeing details and extremely good with numbers, checks and balances. He is also very personable, friendly and approachable always willing to extend a helpful hand for his colleagues. James is very competent and a good teacher to those who ask him questions about his areas of responsibility. I enjoyed working with James and the company that has him on their team will benefit greatly.

January 12, 2008, Matthew worked with James at Oversee.net

Office Computer Support International Translation Solutions (ITS)

[Jason Wood](#)

Managing Director and multilingual translation & localization project specialist

As owner and director of a translation and localization firm, James worked for us providing computer networking and technical support. James was always very personable, professional and a real get-the-job-done guy. I highly recommend James and his work to others.

-Jason Wood
INTRANSOL.COM

January 31, 2006, Jason was James's client

Computer Consultant Sun Microsystems - Millenium Pharmaceuticals

[Fintan Plower](#)

QE Director at AirWatch by VMware

James is an excellent guy to work with. I spent a year working with him in Cambridge, MA, where we both consulted for Sun on the Millenium Pharmaceuticals Genome project (supporting their network). He has a good engineering approach to solving problems, very thorough in his work and ensures that a job is driven to completion. A good person to have on your team.

January 22, 2008, Fintan worked directly with James at Sun Microsystems - Millenium Pharmaceuticals

SGI 3D Integrator Consultant NO KA OI Foundation

[Paul Garrett Hugel](#)

Technology Test Pilot

James headed up a team of 3D virtual Reality Modeling Language designers, in which I was the principal investigator while I managed an independent environmental research program at Maui High Performance Computing Center 1995-1996.

We were judged as having designed one of the top ten virtual reality sites on the Internet at the time and were written up in numerous national publications for our at No Ka Oi Foundation and MHPCC for designing VRML Maui a 3 D fly-through of Maui, and the solar System via a UFO modeled spacecraft complete with sound and hyper links to major environmental web sites and pictures of Maui environment geo-tagged and built on a GIS developed model of Maui.

October 14, 2009, Paul Garrett worked directly with James at NO KA OI Foundation

Product Manager: Internet Software Sales and Tech Support

Software - Marina del Rey

[Jon Tompkins](#)

Owner/Partner, The Alice Tompkins Company

I worked with James in the early days of SoftAware. His stellar work ethic was apparent in his management of 4 people for worldwide software setup and support. His technical expertise allowed him to complete remote installations directly to customer accounts on remote servers from Japan throughout North America and Europe.

August 25, 2010, Jon worked with James at Software - Marina del Rey
